“Hell is the place that you don't even wish your enemy to go to.”

All of us have to make a decision concerning our eternity. No other decision in life is more important than this because it will determine our final destination. God has given us the free moral choice to decide for ourselves. This cardinal point was clearly communicated to us by Pastor Rony in his message entitled **How Long Do We Live?**

How long does a human being live? Many think that life is only from cradle to grave or from birth to death. A person may live 60 to 70 years or 80 to 90 years, very few live up to 100 years. However, this is a narrow, inaccurate and incomplete view of a human life because there is life after physical death.

We are God's highest form of creation. None of the creatures on earth and angels in Heaven have been created in the image of God, only we humans.

There are two phases of human existence. The first phase is life on

earth, and the second phase is eternity. Life on earth is short. It is like a vapor that appears for a little time, and then vanishes away. Eternity is long. We must not confine human existence to earthly life because it extends beyond physical existence into eternity.

Some people do not think that the life to come is real because they have not seen a dead person living in the afterlife. All the attention and focus is on this earthly life. To them, once this life is over, that is the end of it. The Bible tells us that there is an afterlife. The physical life is only less than 100 years, but your spirit and soul (the real you) has a life that lasts forever.

Using Luke 16:20-31 as the scriptural text for his message, Pastor Rony illustrated vividly the story of Lazarus and the rich man. They live on after physical death. Do you realize that every person's life will have a similar story? All of us were born, and all of us will die physically at one time. But the critical question is: what will happen to us after death?

The rich man and Lazarus died. What happened to the rich man after his death was not because of his wealth, but because he did not acknowledge God. He lived as if there was no God. When you look around today, you will realize that many people do not care about God. They live like they will never die and be held accountable to Him. They live as if there is no God.

The rich man lived on after physical death. His body was buried and remained on earth, but he was tormented in hell. Regardless of race or culture, people all over the world describe hell as a place of torment and fire. So tormented was the rich man that he was desperate for even a drop of relief. In the afterlife, the rich man could see Lazarus in comfort and thought that it would not be a problem

for Lazarus to come to him with a drop of water to cool his tongue. But Abraham explained to the rich man, “There's a great gulf fixed between you and Lazarus. You can't pass from one side to another. Heaven and hell can't be bridged.”

Someone once said, “Hell is the place that you don't even wish your enemy to go to.” While he was being tormented in hell, the rich man remembered his five brothers who would likely go to hell because of their lifestyle. So he asked Abraham, “Would you please send Lazarus back to earth to warn my five brothers? If he were to rise from the dead to talk to them, they would believe God. And when they die, they won't have to come to hell.”

The rich man reasoned to himself, “My five brothers had seen Lazarus at the gate of my father's house. They knew that he had died. If Lazarus were to come back to life and tell my brothers that there is a place called hell, they would likely believe in God and be saved.”

The most important decision you need to make in your life is to have your sins forgiven by accepting Jesus Christ as your Lord and Savior. In this life, there is no other decision more important than this. All other decisions you have made will only affect you for a limited duration only, but will not impact you anymore when you cross over to eternity.

Come to the Savior and sincerely say to Him, “You died on the Cross for me. I can't pay for my own sins. You lived a perfect life and shed your Blood for me. I acknowledge I'm wrong. I need Your strength and power to live this life so that

when it's over, I'll spend all eternity with You in Heaven.” Remember, there is no other decision in life more important than this so choose wisely!

Jesus Christ is not only the Savior of this world but also the Greatest Physician. Here are some testimonies for your edification:

Sylvester Wong accidentally kicked his left leg against the bathroom door. As a result, his **left toe became swollen** and he was limping for two weeks due to severe pain. After prayer at the Miracle Service, the swelling subsided. By the following Monday, he was completely healed. Praise the Lord!

Michael Teng suffered **severe pain in his right ankle** for a month. The strong painkillers he took only relieved his pain temporarily. He took a step of faith and participated in the Power Walk this morning. During the walk, Michael discovered that the severe pain in his right ankle was totally gone.

Priscilla Chew suffered **pain in her lower lumbar spine**. During the bone alignment prayer on June 4, she saw her left leg lengthened by half an inch. Consequently, she no longer experienced back pain. Glory to Jesus!

Jesus Is Our Lord And Savior.  
Glory to His Name!

### The DANGERS Of Consumerism

BY PASTOR SAMUEL SAM

Everyone knows that we live in a culture of consumerism. In many ways, we are inescapably consumers – we have to consume to live. But few people understand its inherent dangers, especially to Christianity.

Today, we will explore ways to cope with the dangers of consumerism and stay true to Jesus Christ our Lord.

### We Never Travel Alone BY MAX LUCADO

Jesus loved people. He paid no heed to class or nationality, past sins or present accomplishments. The neediest and loneliest found a friend in Jesus.

... a woman described as scarcely clothed because of last night's affair. Jesus defended her. (John 8:3)

... an unscrupulous tax collector, friendless because of misdealings. Jesus became his mentor. (Luke 19:2)

... a divorced woman drawing from the well in the heat of the day to avoid the stares of villagers. Jesus gave her His attention. (John 4:5)

Could a lying sham love this way? If Jesus' intent was to trick people out of their money or worship, He did a pitifully poor job. He died utterly broke and virtually abandoned. What if Jesus really was, and is, the Son of God? If so, we can relish the wonderful truth that we never travel alone!

### 2 WAYS TO PRAY

#### 1 Praying in a known language.

Most Christians have only known this dimension of prayer, but the realm of prayer is much deeper than this.

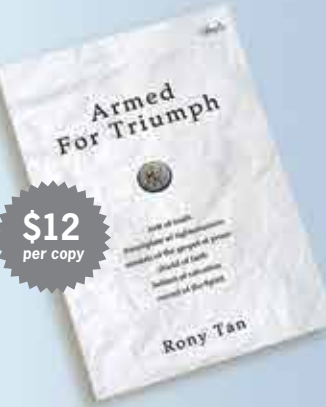

#### 2 Praying in tongues or in the Spirit.

Without this dimension, your prayer life can never be complete. This is the only way to be absolutely certain that you are praying according to the mind of God.

The Apostle Paul had given a great deal of instructions on speaking in other tongues. There was some confusion about its practice in his time. After all his explanations and instructions on the practice of speaking in tongues, he came to one main conclusion so that we can apply his teachings in a balanced and fruitful manner.

1 Corinthians 14:15  
*What is it then? I will pray with the spirit, and I will pray with the understanding also: I will sing with the spirit, and I will sing with the understanding also.*

The universal way to pray is to pray with understanding (in your known language). And after you have run out of words, begin to pray in tongues or in the Spirit (in an unknown language) so that your natural understanding and thinking will not hamper what the Holy Spirit wants to pray through you.

In that way, you are allowing God to take over your mind, your tongue and your circumstances. This is the most intimate heart-to-heart communication with the Lord. In fact, this is the closest link to God's heart – praying in the Spirit according to the mind of God.

Remember: every piece of our God-given armor is not just a concept but a lifestyle. As you apply and practice each one, you are not merely putting on the whole armor, but you are actually putting on Christ. The biblical terminology is putting on the new man. That makes the devil tremble.
