JESUS DIED SO THAT WE MIGHT live.

On 20 October 2018 | Reported by Rita Lim

Many do not believe in God or the devil, but the truth is they are real. Pastor Rony shared from the Bible that Jesus told Nicodemus, a religious leader, that he must be born again. When a person is born again, he is accepted by God. The new birth, like wind, takes place in the spirit. Though you are unable to see the spirit of a person, you can see his spiritual transformation and change in character. Hence, some people conclude that God and Satan are not real just because they cannot see them.

Ronald Bernard, a Dutch banker, did not believe in God or Satan. He made up his mind to live life the best way he could. He did very well as a businessman. One day, an old friend in the international finance arena asked Ronald whether he could take over his spot. He promised to make Ronald a very rich man and the only thing he wanted was ten percent of what Ronald made. Interested, Ronald was warned of one condition which was to put his conscience in a freezer. So, Ronald was introduced to the world of finance. He was networking with top financiers, top politicians and the rich billionaires. In this job, he could see the money trail and where it went and how money laundering was done in a deceptive way. However, Ronald's conscience was still in the freezer until he was invited to satanic rituals followed by darker rituals which involved sacrificing babies and children at the altar.

The elite group called the Luciferians include royal families, top politicians and elites. They believe if they drink the blood of innocent sacrificed babies, they will have longevity and spiritual power. Ronald had a breakdown. He could not participate in the killing and torture of children. Suddenly, his freezer malfunctioned, and he wanted out. The elite group was afraid he would spill the beans. He submitted himself to torture in order to get out. They tortured him until he died. He saw his spirit leaving his body and then re-entering again. Ronald made up his mind that he would study the Bible. He had all the money in the world, but he suddenly discovered that money was not everything and his body was not his and it was only a temporary house. He now knew that God and the devil are real, so he gave his heart to Jesus Christ. Jesus died so that we might live.

Annie Lim suffered from **insomnia and hallucination for eight years**. After she was prayed for at the Miracle Service, the dark demonic images left her and she is now able to sleep very well. Praise the Lord!
