

WHAT IS ABIDE?

ABIDE is a discipleship journey in Lighthouse Evangelism.

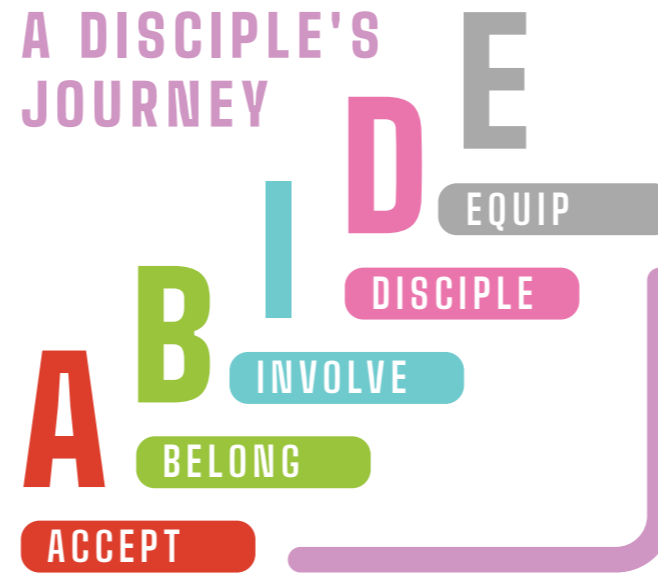

Why do we need to jump on this discipleship journey?

This platform encourages individuals to discover where we are in our spiritual journey and to take ownership in the next step towards Christlikeness.

How do I get involved?

Starting the journey by accepting Jesus as our Lord and Saviour, we should make Lighthouse Evangelism our spiritual family by belonging to this local church. Progressing on, we will learn to contribute to God's Kingdom by involving in God's work and ministries. As we grow in our discipleship journey, we should start discipling others and even lead a small group. To ensure that we are effective in our ongoing discipleship journey, further equipping will be given to help us be more like Jesus.

This journey can be summarised into the acronym ABIDE (Accept. Belong. Involve. Disciple. Equip) with milestones and core resources to help each believer in this journey.

ABIDE DISCIPLESHIP OVERVIEW

Growth is one of our values in LE. In order to encourage all believers to grow towards Christlikeness, a discipleship journey is created so that one knows what the next step of growth for themselves is.

Using the A.B.I.D.E. journey, you can discover where you are in your spiritual journey and take the next step of growth.
